Why do we use it?

It is a long established fact that a reader will be distracted by the
readable content of a page when looking at its layout. The point
of using Lorem Ipsum is that it has a more-or-less normal
distribution of letters, as opposed to using 'Content here, content
here', making it look like readable English. Many desktop
publishing packages and web page editors now use Lorem Ipsum
as their default model text, and a search for 'lorem ipsum' will
uncover many web sites still in their infancy. Various versions
have evolved over the years, sometimes by accident, sometimes
on purpose (injected humour and the like).

Where does it come from?

Contrary to popular belief, Lorem Ipsum is not simply random
text. It has roots in a piece of classical Latin literature from 45
BC, making it over 2000 years old. Richard McClintock, a Latin
professor at Hampden-Sydney College in Virginia, looked up one
of the more obscure Latin words, consectetur, from a Lorem
Ipsum passage, and going through the cites of the word in
classical literature, discovered the undoubtable source. Lorem
Ipsum comes from sections 1.10.32 and 1.10.33 of "de Finibus
Bonorum et Malorum" (The Extremes of Good and Evil) by
Cicero, written in 45 BC. This book is a treatise on the theory of
ethics, very popular during the Renaissance. The first line of
Lorem Ipsum, "Lorem ipsum dolor sit amet.", comes from a line
in section 1.10.32. therefore always free from repetition, injected
humour, or non-characteristic words etc.

What is Lorem Ipsum?
Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.
